

## **Penspen Manpower Services Signs Contract with Maersk Oil for Supply of Specialist Engineers**

Penspen's Manpower division has been contracted by Maersk Oil North Sea UK Ltd (Maersk Oil UK) to provide specialist manpower services in oil and gas engineering, pipelines and facilities. Under the terms of agreement, The Penspen Group will provide specialist manpower services for an initial period of one year, with an option to extend for a further year until November 2013.

The Group's Manpower Services Division has over 55 years experience in providing project and construction management and specialist engineering services on a project team or individual basis.

Backed by a substantial database of contract staff resources and access to in-house engineering expertise, Penspen covers a wide range of manpower specialisations from construction management and commissioning to operations and maintenance.

International Head of recruitment and Manpower Richard Irving, said:

“Following a period of continued growth for Penspen Manpower Services, we are delighted to sign this contract with Maersk Oil UK and look forward to providing them with specialist engineering services..”

Offshore Manpower Manager Terry Mienie, said:

“This contract reinforces Penspen's strong record in the provision of specialist engineering services to the oil and gas sector.”
